Dear Madhur,

I am contacting you on behalf of FotoNostrum Magazine. Your interesting portfolio got our attention, and we are very fond of your photographic aesthetics. We would love to interview you regarding your photographic work to feature you in one of our upcoming issues.

Fotonostrum Magazine serves as a platform for all kinds of photography, from fine art to documentary. We aim to feature contemporary and emerging artists alongside world-renowned historic icons, such as Helmut Newton and Richard Avedon. (Please visit [www.fotonostrummag.com](http://www.fotonostrummag.com) to see all our published issues and know more about our work).

The magazine is fully dedicated to a showcase of portfolios and interviews with photographers. In addition to promoting the magazine extensively on our social media, each issue of FotoNostrum Magazine is sent to +10.000 artists, collectors and gallerists, and our readership is consistently growing.

FotoNostrum Magazine is part of Fotonostrum, Mediterranean House of Photography ([www.fotonostrum.com](http://www.fotonostrum.com)). Our space, located in the heart of Barcelona, Spain, serves as a gallery as well as a photography centre, in which we've hosted several exhibits, including that of Steve McCurry, Helmut Newton, Richard Avedon, Robert Doisneau, and Lee Miller.

The magazine has recently undergone format changes. From the online-only published magazine in a flip-book form, we transited to a page-scroll version to make the magazine more fresh and approachable. We have also brought new types of content that accompany all the amazing portfolios shown, such as interviews with interesting people from behind the world of photography (collectors, curators, art advisors, etc.), the art and photography news, engaging articles on photography topics and many more.

In line with our new format, we would ask for approximately 15 images, from which about 10 will accompany the interview.

Please let me know if you are interested in publishing your works with us, and we can proceed with the process.

Kindest regards,

# Michal Meliško
